BOIL WATER – RESCIND NOTICE **Effective January 14, 2019**

CITY OF LADONIA WATER SYSTEM

On September 26, October 1, and December 26, 2018, a rule under the Texas Commission on Environmental Quality (TCEQ) required City of Ladonia/PWS 0740004 to issue a Boil Water Notice (BWN) to inform our customers that due to low distribution pressures, water outage, and loss of disinfectant occurring in our water system, water must be boiled prior to consumption.

Our system has taken the necessary corrective actions to restore adequate disinfectant levels and/or bacteriological quality and has provided TCEQ with testing results that indicate that the water no longer requires boiling.

For questions concerning this matter please contact Ladonia City Hall 903-367-7011.
