

Construction is in progress for the TWDB Project No. 62616 DWSRF Water Distribution System Improvements. The project consists of the following:

1. Waterline Replacements: Construction of approximately 3,427 LF of 10" water line, 12,712 LF of 8" waterline, 6,510 linear feet of 6" waterline, encasement, valves, services, fittings, fire hydrants and necessary appurtenances for improvements to the City of Ladonia's water distribution system.
2. Pump Station Improvements: Construction of site work, a new 11' x 11' well house, site piping, chlorination system, fencing and electrical improvements at well site #1, construction of a pump building, site piping, a chlorination system, and all associated pumps, valves, piping, electrical improvements and appurtenances at well site #2, and construction of a 200,000 gallon ground storage tank and all related appurtenances.
3. Elevated Tank Improvements: Cleaning, surface preparation and recoating of all exterior and interior surfaces of a 100,000 gallon double ellipsoidal elevated tank, removal and replacement of tank accessories, and extension of the overflow pipe and construction of a new splash pad

This project is subject to the American Iron and Steel (AIS) requirements of P.L. 113-76 Consolidated Appropriations Act, 2014. All iron and steel products for construction, alteration, maintenance, or repairs incorporated in these plans must be produced in the United States.

This contract is subject to the Environmental Protection Agency's (EPA) "fair share policy", which includes EPA-approved "fair share goals" for Minority Business Enterprise (MBE) and Women Business Enterprise (WBE) firms in the Construction, Supplies, Equipment, and Services procurement categories. EPA's policy requires that applicants and prime contractors make a good faith effort to award a fair share of contracts, subcontracts, and procurements to Minority Business Enterprise and Women-Owned Business Enterprise firms. Although EPA's policy does not mandate that the fair share goals be achieved, it does require applicants and prime contractors to demonstrate use of the six affirmative steps. The current fair share goals for the State of Texas are as follows:

Category	MBE	WBE
Construction	12.94%	8.72%
Supplies	9.68%	9.34%
Equipment	7.12%	5.39%
Services	10.84%	5.72%

Equal Opportunity in Employment - All qualified Applicants will receive consideration for employment without regard to race, color, national origin, sex, religion, age, or handicap. The contractor shall carry out applicable requirements of 40 CFR Part 33 in the award and administration of contracts awarded under TWDB financial assistance agreements. Failure by the contractor to carry out these requirements is a material breach, which may result in the termination of the awarded financial assistance.

All laborers and mechanics working on the work site and employed by contractors and subcontractors on projects funded directly by or assisted in whole or in part by and through the Clean Water State Revolving Fund or Drinking Water State Revolving Fund shall be paid wages as described in the section, Mandatory Davis-Bacon Act Contract Conditions.

Any contracts in excess of \$2,000 for construction, alteration or repair (including painting and decorating and funded under the Clean Water State Revolving Fund and Drinking Water State Revolving Fund programs shall include the Mandatory Davis-Bacon Act Contract Conditions.
